Accreditation Statement - Physicians / Nurses / Pharmacists

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and Anticoagulation Forum. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Credit Designation Statement – Amedco LLC designates this live activity for a maximum of 15.0 AMA PRA Category 1 Credits™ for physicians and 15.0 contact hours for nurses and 15.0 of knowledge-based contact hours for pharmacists. Learners should claim only the credit commensurate with the extent of their participation in the activity.

NOTE to Pharmacists: The only official Statement of Credit is the one you pull from CPE Monitor. You must
request your certificate within 30 days of the activity to meet the deadline for submission to CPE Monitor.

We are giving our webinar team a break for the month of August but please see below...

Previously Recorded

Combination Aspirin & DOAC Therapy Increases Bleeding Risk Webinar

Recorded on July 21, 2021

From the multi-center MAQI consortium, the authors explored the increased risk of bleeding when patients who were prescribed DOAC medications also were taking aspirin therapy.

Learn more about how the data was collected, how the analyses were conducted, and what steps are being taken to reduce unnecessary aspirin use in order to try and reduce bleeding complications.

VTE Prophylaxis in Acutely Ill Medical Patients Presentation

Recorded on July 21, 2021

Patients who are hospitalized for acute medical illness, such as heart failure, respiratory insufficiency, stroke, and infectious or inflammatory diseases, are at increased risk for venous thromboembolism (VTE). This presentation highlights available evidence, providing risk assessment options, pharmacological dosing options, and consideration for extended duration thromboprophylaxis, as outlined in the AC Forum Rapid Resource: VTE Prophylaxis in Acutely Ill Medical Patients.

We’re excited to share our new online curated literature tool, with articles organized by date, topic and searchable by key words. We have also starred the most impactful articles to include in our monthly Rapid Recap and you can view the whole database at once, or just the most recent two weeks.

**Latest Highlights**

- Anticoagulant-associated gastrointestinal bleeding: framework for decisions about whether, when and how to resume anticoagulants
- Antithrombotic therapies in aortic and peripheral arterial diseases in 2021: a consensus document from the ESC working group on aorta and peripheral vascular diseases, the ESC working group on thrombosis, and the ESC working group on cardiovascular
- Highlights from the American society of hematology conference 2020
- Improving preprocedural antithrombotic management: Implementation and sustainment of a best practice alert and pharmacist referral process

**Quick Guide**

Special thanks to Bishoy Ragheb PharmD, CACP, CACP for this new tool!
The Recap Newsletter aims to distill the top three to eight articles from the last 30 days into a one page bite sized summary. The newsletter will be published once a month.

Special thanks to Dr. Candace Bryant, PharmD for editing and coordinating this initiative, as well as other editorial teams that will be assisting with publishing upcoming editions.

**Supporting our Partners**

The AC Forum is pleased to serve as a partner in the **Alliance for Aging Research’s Year Without a Stroke Campaign**. The risk of stroke from conditions like atrial fibrillation (AFib), coronary artery disease (CAD), peripheral artery disease (PAD), and venous thromboembolism (VTE) is real, and can quickly change your life. This campaign shares the real stories of people who have experienced and seen first-hand how serious these strokes can be. These advocates all share the mission of educating patients and their loved ones about stroke risk and prevention, so that they can Celebrate a Year Without a Stroke.

**ASHP’s Diversity, Equity & Inclusion Certificate**

The curriculum of the newly launched **ASHP Diversity, Equity, and Inclusion Certificate** addresses foundational concepts such as unconscious bias, social determinants of health, cultural competency, intersectionality, and gender equality. Upon
completion of all the modules, participants should be able to apply strategies to counteract racism within healthcare, create an affirming environment, recruit and retain a diverse and inclusive team, as well as implement a diversity, equity, and inclusion strategic plan. This self-guided program consists of 10 modules comprised of online home study activities.

ASHP is offering a $50 discount on this certificate through November 1, 2021. Purchase now and use code DEIS0AC during checkout.
