Current Reversal and Treatment Strategies for DOAC-Related Bleeding

Tuesday | January 19, 2021 | 6:00 PM - 7:00 PM ET

Despite improved safety with direct oral anticoagulants (DOACs) compared to vitamin K antagonists, a significant number of patients in Phase III clinical trials had major bleeding. Guidance has been offered by the Anticoagulation Forum, American College of Cardiology, American College of Chest Physicians and American Society of Hematology for the treatment of this population.

Please join us for a webinar highlighting key information from the newest AC Forum Rapid Resource on Current Reversal & Treatment Strategies for DOAC-Related Bleeding, which includes recommendations, cautionary advice, and considerations for patient care.

Presenters
Megan Barra, PharmD, BCPS, BCCCP
Adam Cuker, MD, MS
Scott Kaatz, DO, MSc
Ronni Nemeth, PharmD, CACP, DPLA
Kelly Rudd, PharmD, FCCP, BCPS, CACP

Vascular Protection in Patients with CAD/PAD

Tuesday | February 16, 2021 | 4:00 PM - 5:00 PM ET
Patients with peripheral artery disease are at risk for major cardiovascular and limb events. Recently, two trials have demonstrated a reduction in major cardiac and limb events when patients with PAD are given aspirin plus rivaroxaban.

This webinar will review the evidence behind the use of a “dual pathway inhibition” strategy and introduce a new ACE Rapid Resource.

**Presenters**
Geoffrey Barnes, MD, MSc
Marc Bonaca, MD, MPH
Henry Han, MD
Eva Kline-Rogers, MS, NP

**Our Enduring Webinars**

**Treatment of Cancer - Associated Venous Thromboembolism (VTE)**
Recorded on December 11th

Please join the Anticoagulation Forum for a presentation with subject matter experts to discuss management strategies for the treatment of cancer-associated venous thromboembolism (VTE) based on the landmark trials, meta-analysis, and published guidelines. A new AC Forum Rapid Resource on this topic will also be shared and discussed.

**Watch Now and Download the Slides!**

**Rapid Resources:**
- Treatment of Cancer-Associated Venous Thromboembolism (VTE), Nov 2020
- Oral Anticoagulation for Primary VTE Prevention in Ambulatory Patients with Active Cancer, Dec 2020

Interested in viewing other enduring webinars?

We are pleased to provide live & enduring accreditation for all three of these webinars!

In support of improving patient care, this activity has been planned and implemented by Amedco LLC and the Anticoagulation Forum. Amedco LLC is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

**Physicians**
Amedco LLC designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Nurses**
Amedco LLC designates this activity for a maximum of 1.0 ANCC contact hours.

**Pharmacists**
Amedco LLC designates this activity for a maximum of 1.0 knowledge-based CPE contact hours.

**ACF Anticoagulation Stewardship in the News**

We are pleased to share with you this article published in *Pharmacy Practice News* highlighting the AC Forum’s Core Elements of Anticoagulation Stewardship Program. In the article, our President-Elect, Allison Burnett, PharmD, PhC, CACP, outlines the importance of the pharmacist’s role in an Anticoagulation Stewardship program. Dr. Burnett, along with William Dager, PharmD and Nadine Shehab, PharmD, presented a panel on the topic *Anticoagulation Stewardship: Meaningful Movement, Improved Outcomes* at ASHP 2020 Midyear Clinical Meeting & Exposition in December 2020.

New Tools and Literature Updates!

View our newest Rapid Resource:
- **Oral Anticoagulation for Primary VTE Prevention in Ambulatory Patients with Active Cancer**
- **Reversal and Treatment Strategies for DOAC-Related Bleeding**

As the field of anticoagulation continues to quickly evolve and become more nuanced, Rapid Resources aim to provide succinct one-page summaries to help providers stay informed.
This library of compact info sheets is housed in the ACE Rapid Resources section located on the left of our ACE Resource Center. New materials are added regularly!

Don’t miss this opportunity to engage in a *small-group virtual discussion* led by Scott Kaatz, DO, MSc, FACP, SFHM, to examine the latest approaches to anticoagulation management in patients with COVID-19.

Topics to include:
- Potential mechanisms of COVID-19 coagulopathy and microangiopathy
- Evolving guidelines on use of anticoagulation therapy and treatment: where they align and where they differ
- COVID-19 VTE risk and prophylaxis by patient setting

Register Now

Should you be unavailable on these dates and/or would like to schedule a site-specific virtual discussion with Dr. Kaatz, please contact Bedford Scientific at BedfordCOVID19@thelockwoodgrp.com. We hope you will consider participation in this timely program.

*These virtual discussions, *Anticoagulation Management in the COVID-19 Era*, are brought to you by Bedford Scientific through an Independent Medical Education Grant from Pfizer Inc and are not affiliated with AC Forum.*
