Reversal of Direct Oral Anticoagulants: Guidance from the Anticoagulation Forum

Thursday | June 20, 2019 | 12:00 PM ET

Guest Speakers: Adam Cuker, MD and Allison Burnett, PharmD

Presenter: Sara Vazquez, PharmD

AC Forum Moderators: Tracy Minichiello, MD; Diane Wirth, ANP

We are pleased to announce [FREE Open Access to this document](#), published in the *American Journal of Hematology*, April 2019.

The goal of this document is to provide comprehensive guidance from the Anticoagulation Forum regarding use of DOAC reversal agents. We discuss indications for reversal, provide guidance on how the individual reversal agents should be administered, and offer suggestions for stewardship at the health system level.

ANTICOAGULATION

BOOT CAMP

This compact 2-day meeting provides a comprehensive curriculum that covers the essential aspects of anticoagulation, disease state, and drug management. Engaging discussion around quality improvement, new agents and special situations will benefit all practitioners and daily “chalk talks” will allow for attendee participation to shape the topics. The model will have a limited enrollment in order to provide ample time for Q&A and personal interaction with our expert faculty.

Register

Transitions of Care Summit - FREE CE

This unique program was only offered at our Austin 2018 Boot Camp. The program outlines why anticoagulation patients are at increased risk when changing care settings, complexities in care, and best practices for discharge. This enduring material carries a total of 3.25 contact hours of credit and is available **until June 25, 2019**.

Supporting the Joint Commission NPSG EPs

Eight new Anticoagulant Therapy elements of performance (EPs) within the National Patient Safety Goal (NPSG) 03.05.01 go into effect on July 1, 2019.

The Joint Commission and the Anticoagulation Forum developed a two-part webinar series to share best practices and answer questions about implementation. Experts from the AC Forum presented in both sessions, held in April and May. The presentation recording and associated slide deck for Session 1 can now be [viewed online](#). Session 2 will be available in the next couple of weeks.

To further support implementation the Anticoagulation Forum has tagged resources in the Centers of Excellence that match each EP. Please visit our [Resource Center](#) and type "EP" and then the number into the search bar to find resources to assist in your practice.

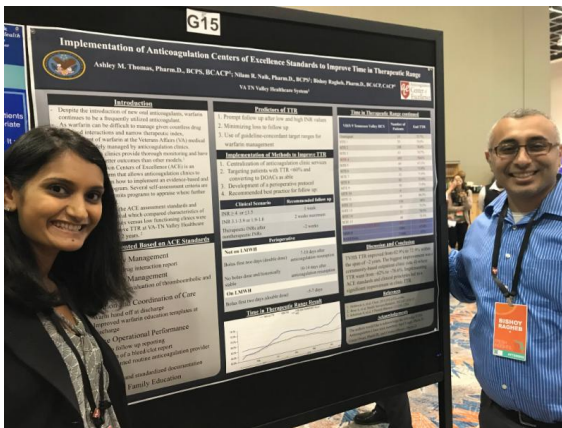

Highlights from AC Forum 2019

Thank you to all who attended our national conference in Ft. Lauderdale last month. Our biennial conference serves as an important forum for providers to share best practices and discuss the latest research and this year's meeting was no different. A special thank you to speakers, panelists, and patients for sharing their insights and experiences.

Save the date for our next conference to be held in San Francisco April 16-18, 2021!

Dr. Geoffrey Barnes discusses the **State of Anticoagulation Management Services** during Day Two of the general session.

A behind the scenes look at our Poster Presentations reception.

A full house at our Anticoagulation Centers of Excellence (ACE) breakfast workshop where attendees [learned more](#) about how to earn the ACE designation for their practice.
