Webinar - Vascular Protection: Preventing Thrombotic Complications of VTE and PAD

Thursday, October 11, 2018 2:00 PM ET

Guest Speakers:

Geoff Barnes, MD, University of Michigan Health System
Scott Damrauer, MD, Perelman School of Medicine, University of Pennsylvania

AC Forum Moderators:

Tracy Minichiello, MD, Sara Vazquez, PharmD, Diane Wirth, ANP, CACP

The **Anticoagulation Forum**, in partnership with the **American Heart Association**, is pleased to present this special educational webinar combining two important missions - PAD Awareness Month and World Thrombosis Day.

Drs. Barnes and Damrauer will lead the discussion as they explore two cases, demonstrating how practitioners can effectively manage patients with PAD and VTE. Questions can be submitted in advance and our seasoned panel of experts from AC Forum and the AHA will help explore audience questions as we delve deeply into these topics.

Don't miss this opportunity to learn more about improving the health outcomes for your patients and to have direct access to our panel of experts.

AC Forum Survey: Are you Using Andexanet?

The Anticoagulation Forum recognizes that many clinicians and hospital administrators have questions relating to practical aspects of andexanet alfa. In response, we have created a brief survey to solicit valuable information from those who are already using it, as well as those who do not have access or have not added it to formulary.

Please take a few minutes to [complete the survey](#). Thank you in advance.

Webinar: Transforming a Traditional Anticoagulation Management Service to Incorporate Patients on DOACs

September 27, 11:00 AM ET

Join Lynn Oertel, MS, NP-BC, CACP of Massachusetts General Hospital and Elaine Whalen of the Anticoagulation Forum to explore key considerations for transforming a traditional anticoagulation management service to incorporate patients on DOACs and tools and resources that are available to support this journey.

Upon completion of this session, participants will be able to:

- Promote a patient-centered approach to identify the most appropriate drug therapy that enhances quality, safety and efficacy;
- Assess medication regimen adherence;
- Effectively transition patients between anticoagulants; and
- Identify key tools and resources for staff, patients and caregivers regarding DOAC therapy.

Pharmacists in attendance who complete an on-line evaluation can receive up to 1 contact hour of credit.

FRESH
INSIGHTS

April 11-13, 2019 | Ft. Lauderdale, FL

Call For Abstracts

We are now accepting abstracts to be included at our upcoming conference. Accepted research will be displayed at poster sessions at the conference.

The objective of the poster sessions is to share research and work being done across the antithrombotic field. Original research -- even if recently published, case studies, and research building on previously covered hypotheses will be considered.

Scholarship Application

We are pleased to offer conference scholarships to help early career professionals or others with financial need defray the cost of attending our conference by providing a complimentary admission and \$1,000 travel stipend.

Scholarships will be awarded to at least 10 candidates who best demonstrate a combination of financial need and desire to further their professional knowledge in the field of antithrombotic therapy.

Visit our conference site for guidelines and details on [submission](#).

Visit our conference site to learn more and [apply today!](#)

*Abstract submissions and conference scholarship applications are due by **5PM CT on December 1, 2018.***
